## **CREED OF SPORTSMANSHIP**

The CANUSA Games were established for the purpose of fostering goodwill and understanding between the cities of Hamilton, Ontario and Flint, Michigan through the medium of friendly competition in a host of athletic activities. Therefore, any conduct within any activity that does not promote camaraderie among the participants is contrary to the fundamental purpose of the Games. The specific competitions and the outcome thereof are secondary in the operation of the Games.

Because of the vital importance of sportsmanlike conduct in all activities of the CANUSA Games, officials and coaches of the Games carry heavy responsibility to ensure that the rules of sportsmanship shall be observed at all times.

Coaches shall be held responsible for the conduct of individual participants. It is their obligation to withdraw any athlete from competition that is observed to be conducting himself/herself in a manner that does not show goodwill and respect for the opposing competitors.

Any member of the CANUSA Games Board of Directors, upon observation of behaviour that he/she considers to be contrary to the best purposes of the Games as described above, may take measures deemed necessary, including immediate cessation of the activity, to correct the situation.

With this statement, the members of the CANUSA Games Board of Directors attest to the absolute importance they place upon the adherence of the CANUSA Games to their primary purpose -- the promotion of friendship and goodwill between the sister cities of Hamilton and Flint.

## HISTORY OF THE CANUSA GAMES

The CANUSA Games were created in 1958 through the joint efforts of the Canadian and United States Amateur Athletics Unions.

Having conducted their Flint Olympian Games in July of the previous year, Flint officials were looking for another competition for their Olympian winners and contacted their A.A.U. for a City of comparable size and interests. Hamilton was selected, hence the birth of CANUSA (Canada-U.S.A.) Games. It was also decided that the site of the Games would alternate yearly between the two cities.

In 1958, a caravan of cars set out for Flint on the second weekend in August, led by Chairman Wilf Thomas and his volunteer committee. That year approximately 200 athletes from each city competed in seven sport areas and from these meager beginnings, the volunteer spirit caught on and the ideals continue today.

Various means of transporting the athletes have been used including the aforementioned caravan of private vehicles, a special CANUSA Games train, and in more recent years, a convoy of up to 20 chartered buses.

The CANUSA Games presently have over 800 athletes participating in 13 sport areas, and while the organization has grown considerably, the ideals remain the same - volunteers working in their community for the social and recreational betterment of young and old.

As part of the Opening Ceremonies the National Anthems of both countries are sung by all in attendance. The Mayor of the host city then presents the FRIENDSHIP TROPHY to the Mayor of the visiting city as a token of peace, brotherhood and true friendship, not only between Mayors, but also between all competitors, the two Cities and the two Countries.

## CANUSA GAMES PHILOSOPHY

The philosophy of the CANUSA Games is to demonstrate the practicality of a community approach to international goodwill between the cities of Hamilton, Ontario, Canada and Flint, Michigan, United States, through the participation of amateur athletics.

Families from the host city open their homes to the people from the visiting city in the spirit of goodwill and neighbourliness that marks the friendly rivalry between the competitors of the two cities.

The CANUSA Organization believes that world peace and understanding among people must begin in peoples' hearts; that neighbours must understand neighbours, and that people must learn to live together in neighbourhoods and cities before nations can understand nations and the world can live in peace. To this end, the CANUSA Games provide an opportunity at the grass roots level to learn to understand each other's similarities, differences, and problems, to work together, and to find the means for individuals to improve themselves and their cities.

## CANUSA GAMES CREED

The CANUSA Games Creed was composed by the late Ivan Miller, a long-time Sports Director with the Hamilton Spectator.

*We swear  
That we will take part in the CANUSA Games  
In fair competition  
Respecting the regulations which govern them  
And with the desire to participate  
In the true spirit of sportsmanship  
For the glory of sports  
And for the honour of our country.*
